W

e live in an ever changing world and certainly this year will never be

forgotten. This year was packed with many unexpected and spectacular changes. The earth didn't orbit a different direction and the poles may not have reversed, but the human situation was definitely altered. Governments, people, and economies changed. Many things on our world reversed, flip-flopped, switched directions, inverted. Many things:

Came Full Circle

Photo by Jason Meriwether

The Full Circle

Communism to Democracy

Extreme dissension in the Soviet Union causes Gorbachev to resign after a coup attempt by Communist hard-liners. Many of the republics break away effectively dissolving the Soviet Union. The democratic world applauds the reforms, but wonders about the future of the thousands on warheads still aimed at the West.

4.0 —> 2.2

Freshmen came to UMR in August thinking a 4.0 was attainable. A 4.0 is what they wanted; a 2.2 is what they got.

Unemployment --> Executive Enjoyment

The nation's unemployment figures rose, while heads of large corporations enjoyed more and more perks in contrast to Blue-collar workers.

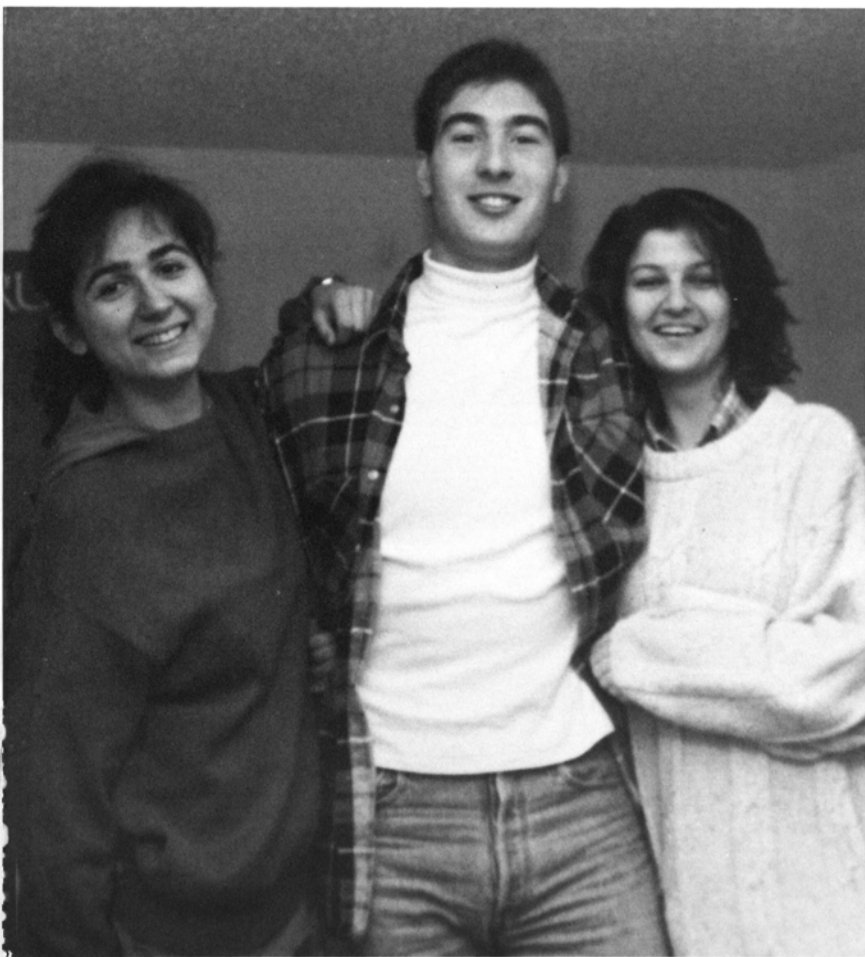

Photo by Jason Meriwether

Nuclear War —> World Peace

The dissolution of the Soviet Union and the Warsaw Pact moved the world away from nuclear war and steps closer to world peace.

Recession —> Recovery

After several quarters of recession, the nation's trillion dollar economy appears to move into recovery.

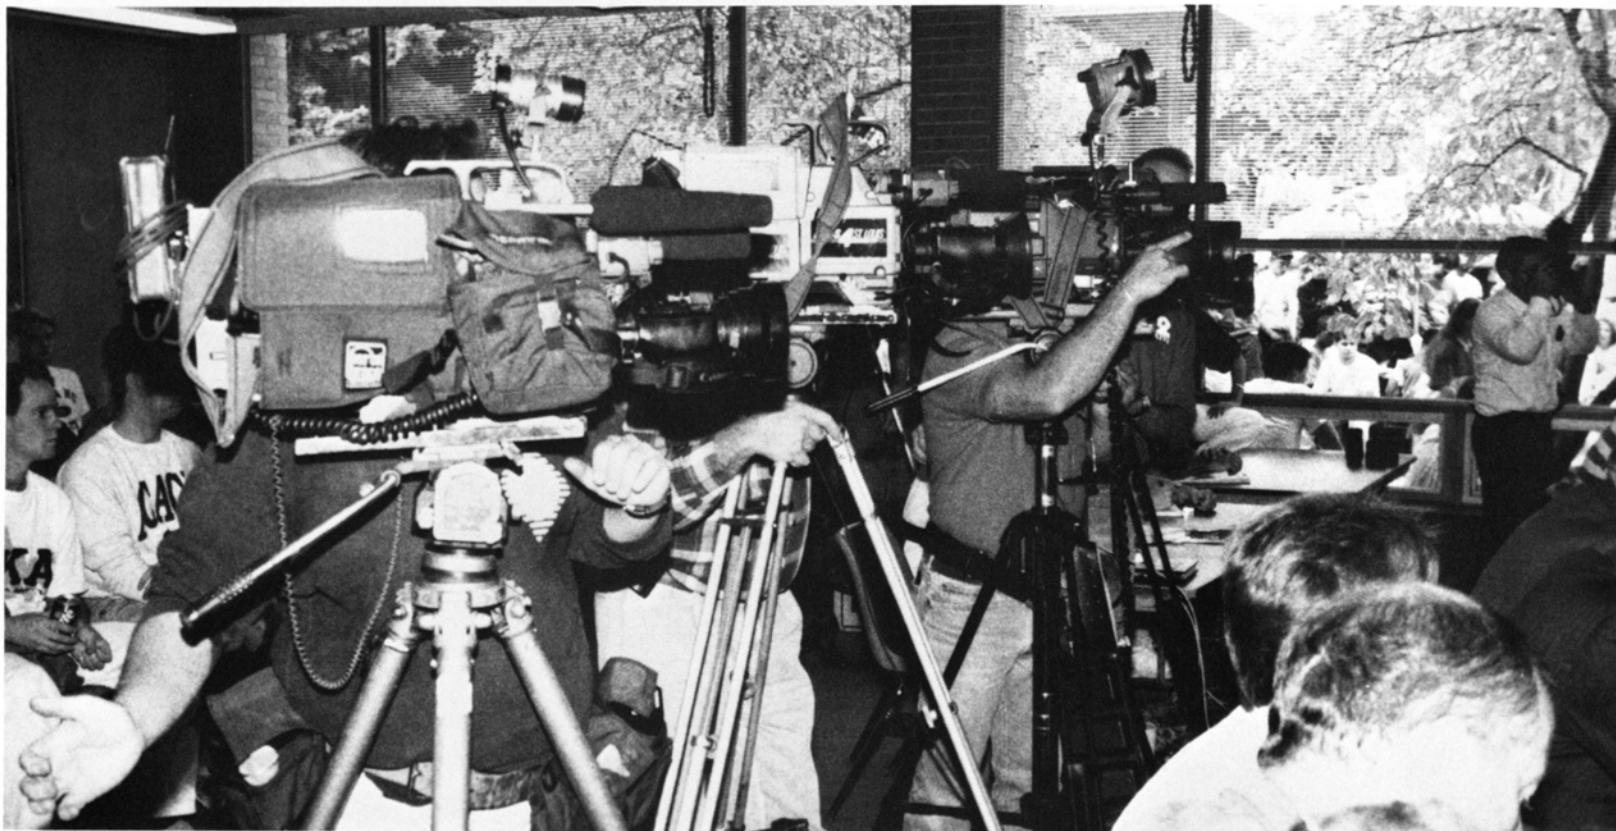

Israel —> Palestine

Even with peace talks for the first time since the dispute over territory began, there we no signs of real peace in the Middle East.

Bush —> Clinton

Republican President George Bush and Democrat Bill Clinton seem to have wrapped up their Party's nomination for President. But, People still wonder about Bill's character and George's leadership.

National Debt —> Jet Set

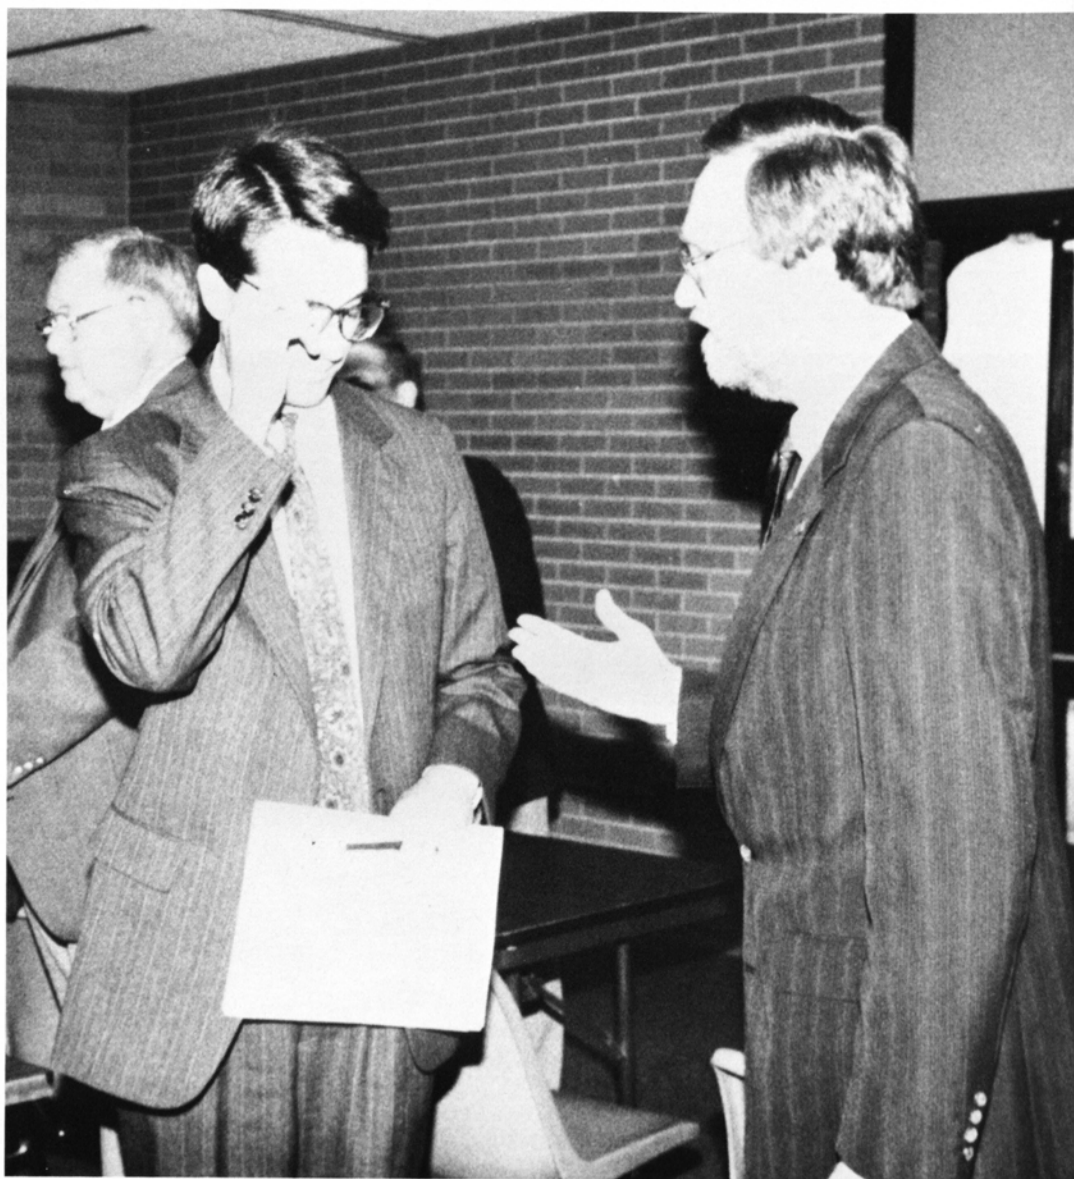

While the national debt continues to rise, the Jet Set continues to enjoy their flamboyant life-style.

M. C. Jiske —> J. T. Park

Filling the position left by former Chancellor Martin C. Jiske, Interim Chancellor John T. Park is appointed as permanent Chancellor.

Student Council —> St. Pat's Board

After the St. Pat's Board loses their charter over in the aftermath of the death of a Baby Board Rep., Student Council steps in and takes over management of the traditional celebration.

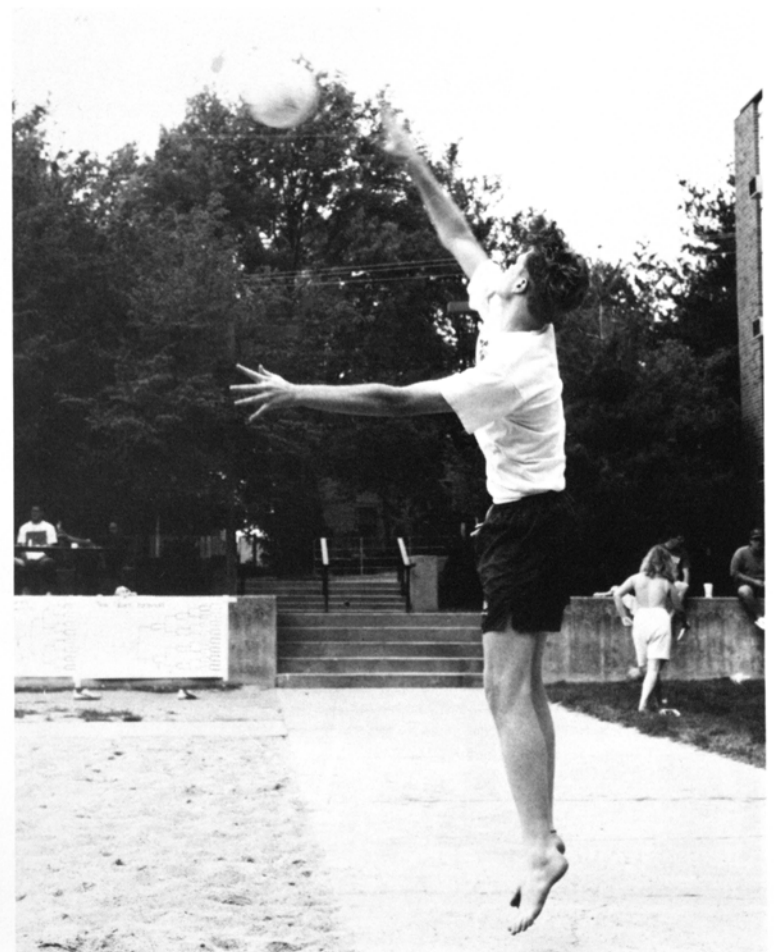

Proposition B —> Higher Tuition

Despite pledges by state officials to make higher education more accessible, the failure of Proposition B forces UMR to raise tuition and make budget cuts.

Iraq —> Kuwait

With the end of Operation Desert Storm, Kuwait begins to rebuild the damage caused by Iraq. Mercedes and jewelry are selling like hotcakes. Iraq still suffers under the U. N. sanctions imposed because of the refusal of its dictator, Saddam Hussein, to abide by the U.N. peace treaty.

Albertville —> Barcelona

The Americans made a respectable showing at the Winter Olympics in Albertville, France; the team is expected to do well in Barcelona, Spain also. This is the last year that the Winter and Summer Olympics will be held in the same year. Hereafter, they will alternate every two years with the next Winter Olympics being held in 1994.

Johnny Carson —> Jay Leno

On May 22nd, the King of Late Night does his last performance before passing the crown on to Jay Leno.

Rodney King —> Los Angeles Police Department

In response to a not guilty verdict for the L. A. P. D. police officers accused of beating Rodney King, riots erupted all around the city. Arson, gunfire, and looting made Los Angeles a temporary war zone. Reaction to the verdict touched off protest and disbelief in cities from coast to coast.

Ethnic Identity —> National Conformity

Americans were once again confronted and confused over racial issues. Many leaders

were calling for minorities to regain their identity, while other claimed that the United States needs to become a more homogeneous group to be successful in the "new world order."

Reebok —> Nike

The battle for the athlete's foot continued. Reebok spent record amounts on its "Dan & Dave" commercials and Nike countered by hiring more celebrity endorsers.

Pepsi —> Coca-Cola

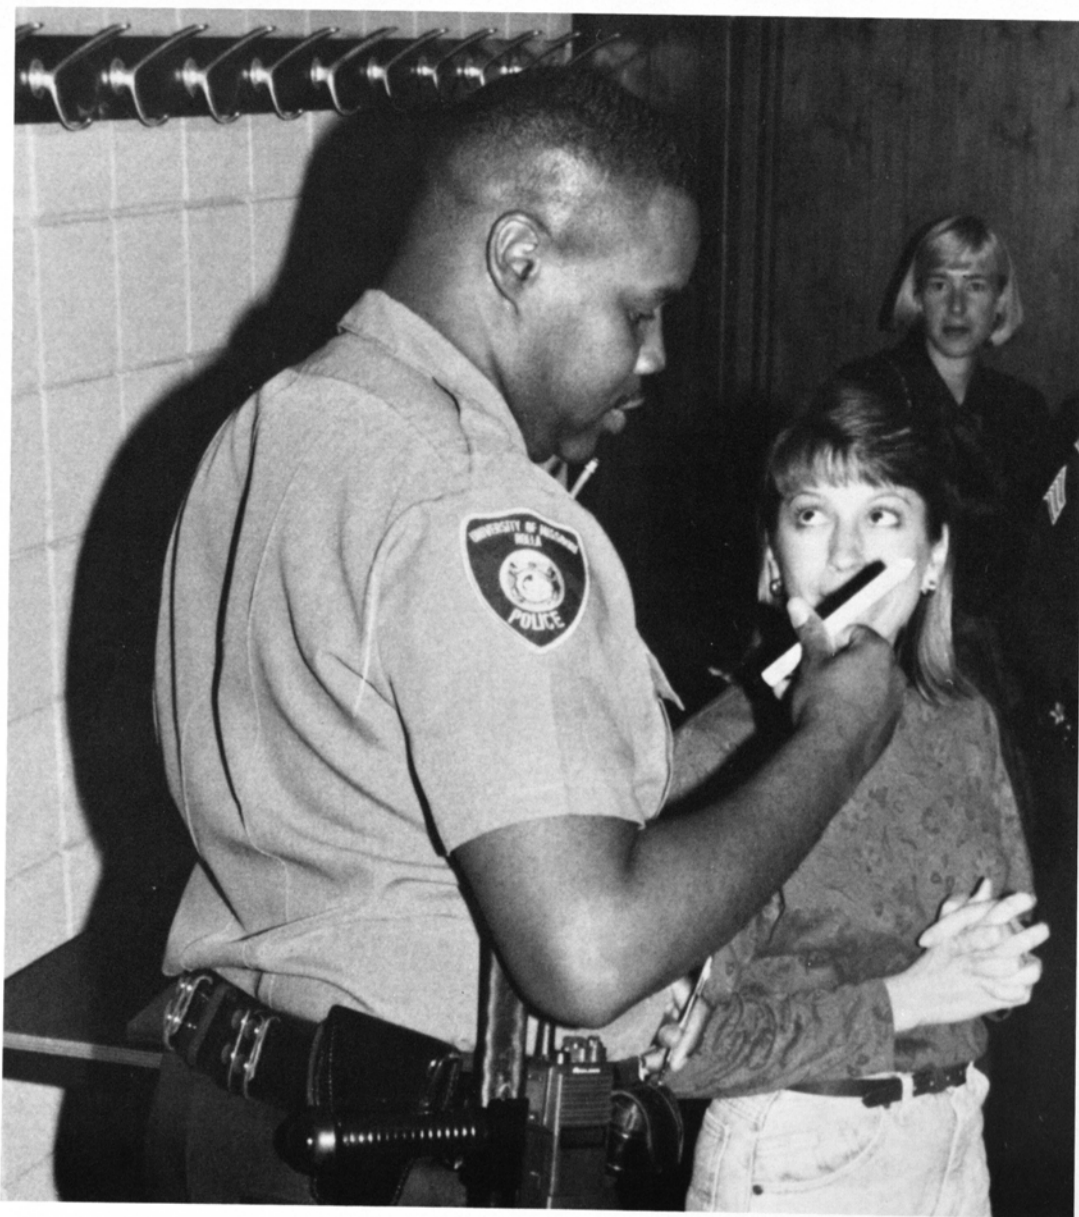

Gotta Have It and The Real Thing continue to tempt the millions of cola drinkers toward their product with flashy promotions, free giveaways, and new slogans. (It almost resembles a political campaign.)

The Heavy Metal Meltdown —> Bonnie Raitt

Motley Cruë, Poison, Ratt, Def Leppard, Guns 'N Roses, and Living Colour all experienced radical changes in personnel. Bonnie Raitt's albums continue to go platinum.

Churchill --> Gorbachev

On May 6, 1992, former Secretary General of the Soviet Union, Mikail Gorbachev, came

to Fulton, Missouri. There he delivered a response to Winston Churchill's "Iron Curtain" speech, which had been given from the same spot nearly 40 years earlier.

UMR --> Endeavour

Tom Akers, a UMR graduate, became the first astronaut to spacewalk from the new space shuttle, *Endeavour*, in an attempt to snare a malfunctioning satellite.

Back Row-Michelle DeBourge, Shannon White, Laura Riegel.

The ladies of the Eta Theta chapter of Zeta Tau Alpha had excellent and busy semesters this year. Starting off the fall semester, was the addition of sixteen outstanding pledges from formal and informal rush.

We continued to excel through service projects, social activities, and scholarship. We held our annual charity volleyball tournament with the proceeds going to the Association of Retarded Citizens, one of our two national philanthropies, along with participating in smaller service activities to benefit the Rolla community. On top of partying with different fraternities, Zeta held two of its own annual parties: Mystery Date and White Violet Formal. When Greek Sing rolled around Zeta was prepared to strut on stage to "Stray Cat's Strut" to win first place

for sororities. Homecoming was a big success. Zeta was extremely proud to have our own candidate, Miss Noeida Castro, crowned Homecoming Queen 1991 and also to have Miss Rhonda Dees crowned first runner up. Scholastically, Zeta was also proud to achieve the highest active Greek GPA on campus for the fall semester.

When the spring semester began, Zeta was just as busy as in the fall. We initiated the pledges from the previous semester and added six new pledges to our close Zeta family. We prepared diligently for St. Pat's and Greek Week competitions, achieving first place overall in St. Pat's and second place in Greek Week. Zeta is very proud of Miss Laura Visintine and Miss Janet Roper who placed in the St. Pat's Queen Competi-

tion and the Greek Week Queen Competition, respectively. We also kept busy with service projects in the spring semester. We held our annual See-Saw Marathon, and we also took first place in Theta Tau Omega's "Uglyman" Fundraising Competition by raising over \$800 with our "pie-in-the-face" idea. Because of our first place standing, we were able to donate \$1000 to the Komen Foundation for breast cancer, our second national philanthropy. The year ended with the chapter receiving honors in our province during the annual Zeta Day, which was held in St. Louis this year. Eta Theta received the Most Improved GPA Award, the Chapter Organization Award, and the Sisterhood Award.

By Kirk Palicki

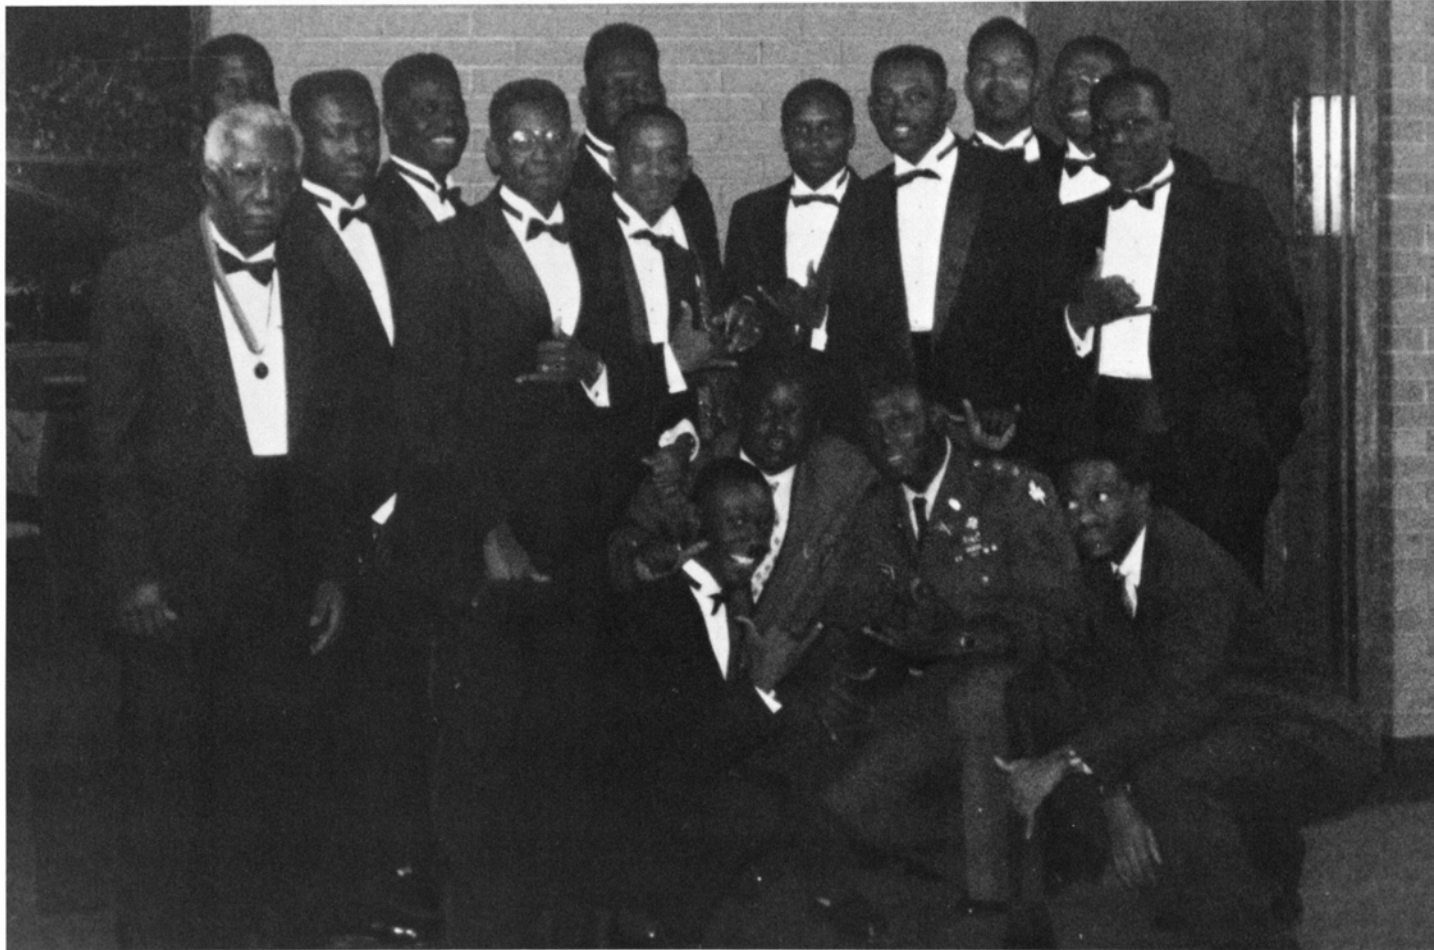

Once again the brothers of the Nu Deuteron chapter of Alpha Epsilon Pi have had another prosperous year. Their success culminated during the eighty-fourth annual St. Pat's celebration. For the second consecutive year, the entire house worked together to earn a first place overall finish in St. Pat's. The first place float, "The Legend of Loch Ness," combined with a strong finish in the follies, games, and green sales coincided to make winning St. Pat's again a reality. We also offer our congratulations to Eddie Rodriguez and Brad Harvey for their participation in the 1992 St. Pat's court.

In addition to St. Pat's, the brothers of Alpha Epsilon Pi have continued to fulfill their obligations to the local community.

This year AEPi collected money for L.O.V.E., worked at the Gingerbread House, and continued to maintain their portion of Highway 63. In spite of all their activities and obligations, the brothers of Alpha Epsilon Pi maintained the second highest grade point average for the fall semester.

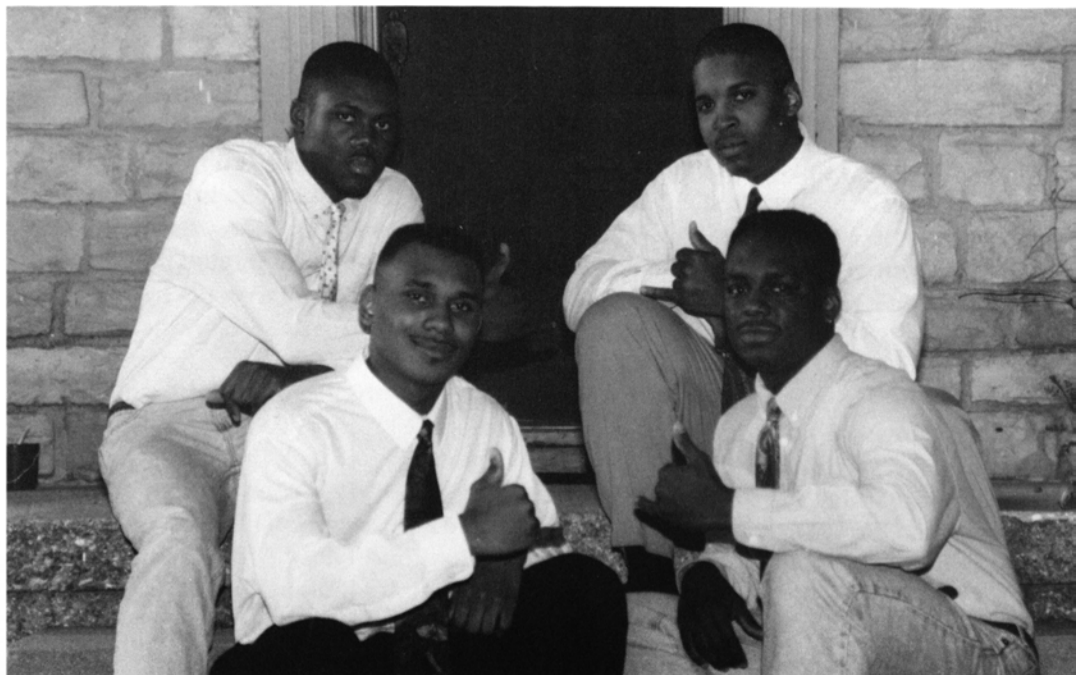

With the spring semester drawing to a close, the brothers of Alpha Epsilon Pi would like to thank Jim Baldwin and Tim Morrow for their contributions to the house and congratulate them on their graduation. Those AEPi's returning next semester are looking forward to another successful year both scholastically and socially.

The brothers from Eta Chapter of Beta Sigma Psi have had a very busy year. We started the year with our annual Kick-off Party and continued to have fun ever since then. We placed third overall in the St. Pat's competition and we had the honor of making the Queens float for the parade. As usual, we also hosted the Greek Week Opening Ceremonies in our backyard. In athletics, Beta Sigma placed fourth in Division I football and third in Division II soccer. Scholastically, we placed fourth overall and received the Most Improved award this semester. Currently we are involved in a highly organized rush program. We are also getting ready to celebrate our 40th anniversary in the fall of 1992.

The 1991-92 school year was once again a successful one for the Missouri MU chapter of Phi Kappa Theta. We witnessed the growth and initiation of fourteen new brothers and we continued our tradition of excellence in academics and intramurals. This was evident throughout the year as we finished among the top in these areas.

Not only did we excell in academics and intramurals, but we also were very involved with campus activities. We worked at the Newman Center Haunted House and we also raised money for several charities. This

year, we held several T.G.I.F.'s with the sororities here and we also had several all campus parties including the Kiss the Summer Good-bye Party and the Party Before the Party. We continued our tradition as being very socially active with campus.

During Homecoming, Christmas Party Weekend, St. Pat's, and Greek Week, several alumni came down to see the progress we have made and to share in the festivities. For next year, we have planned a special alumni weekend which should prove to be an excellent opportunity to strengthen our alumni relations.

Phi Kappa Theta plans to continue its strong tradition of excellence for the 1992-93 school year and for many years to come.

Two North became the standout in Residential Communities. Along with winning interfloor competitions such as softball, basketball, Wallyball, Penny Mile, and Ultimate Floor. We have been involved in

other activities, like organizing an all campus escort service, the St. Pat's committee, and TJ's recycling program. With a great year behind us, the next year is looking even better. We stick together like brothers and that's why we say "Two North Till The Day We Die!" 'Nuff Said.

UMR's rite of passage was forever changed this school year. Because of the alcohol related death of a Baby Board Rep and other rule violations, the University was forced to withdraw official recognition from the Board. Responsibility for planning and production of the annual gala was shifted to Student Council.

Miner Runners Remain Competitive

The men's cross country team did not win any meets this fall, but did record some fine performances along the way. The Miners had a fourth-place finish in the Cougar Classic, their best showing at that meet in several years, and took fourth place in the UMR Invitational held on Homecoming weekend.

Steve Hostetter and Ron Kochanowicz were among the top runners on the Miner team this year, as one or the other was the top UMR finisher in seven of eight meets this year. The Miners finished sixth in the MIAA Championships and 17th in the region this year.

The men's cross country most valuable player this year was Joe Stemler, a senior who was the Miners' highest finisher at the Great Lakes Regional in November and a consistent top five finisher in meet competition.

New Members Help Strengthen Ladies' Squad

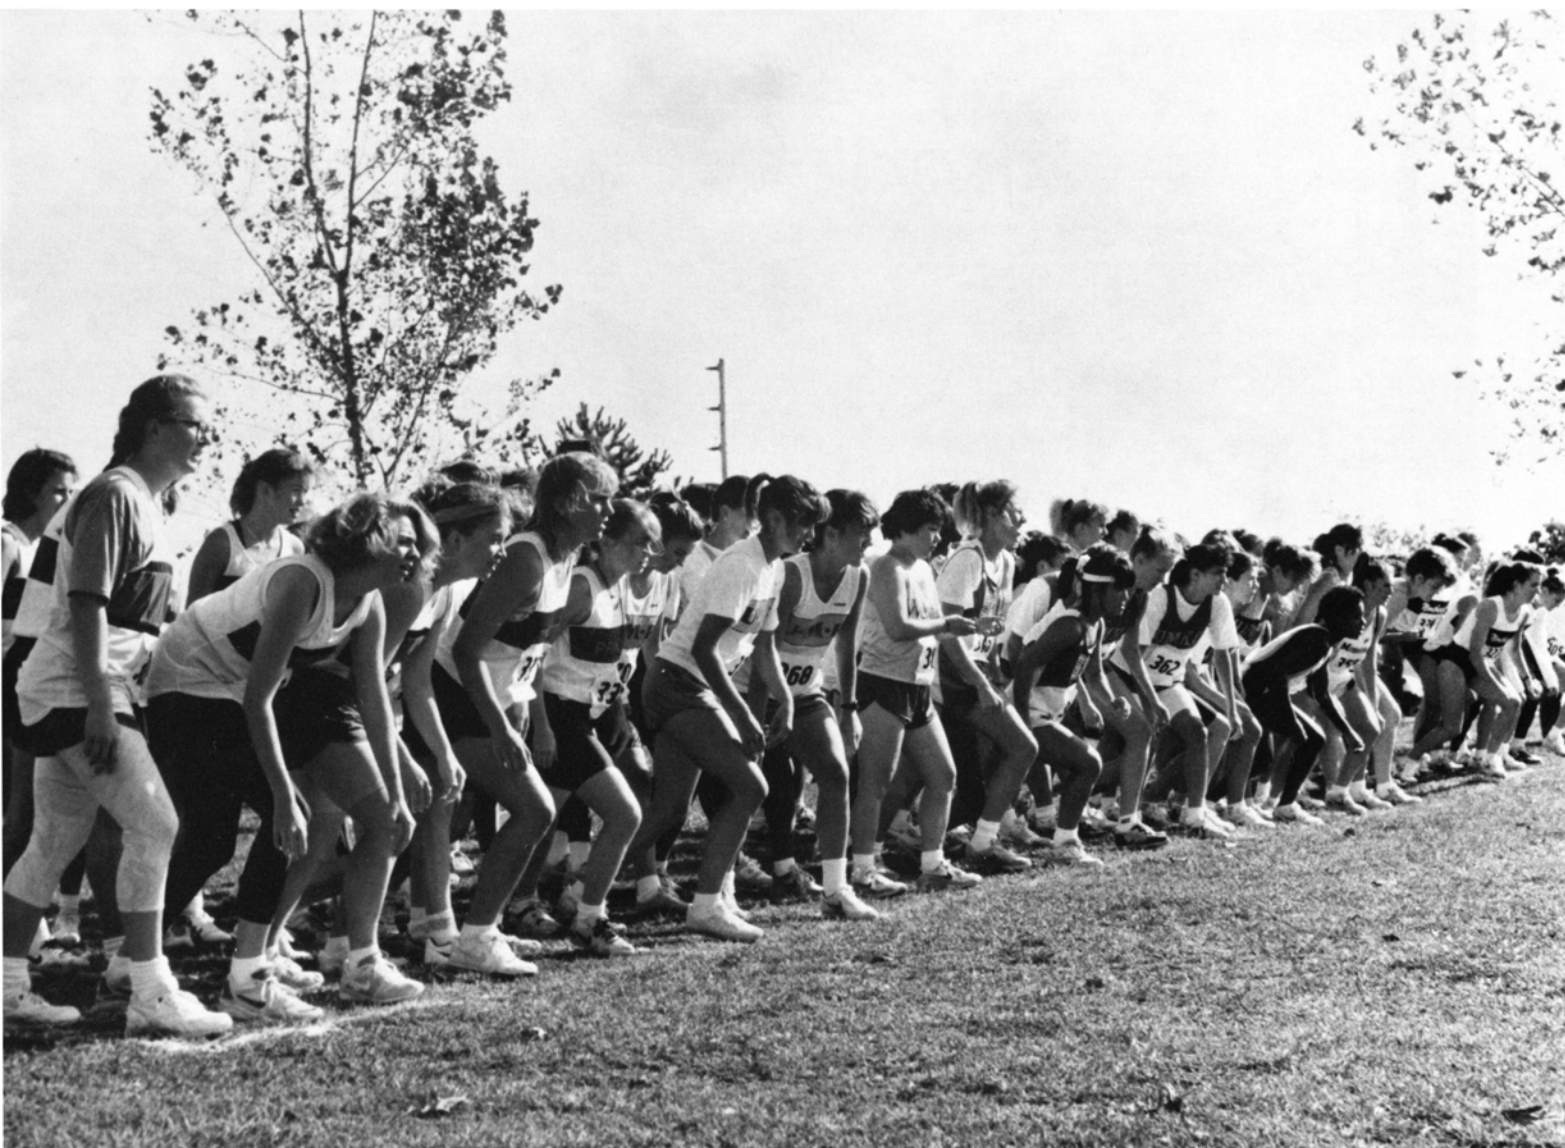

After being unable to field a full team in 1990, the women's cross country team picked up some new participants and was able to claim a full squad for this year.

Although they did not win a meet, the Lady Miners did have some respectable showings during the fall season. UMR was sixth at the MIAA Championships.

The most valuable player for the women's cross country team was Becky Wilson, the top finisher for UMR in every meet during the regular season, and a 14th-place finisher at the MIAA Championships.

Above: Grimacing with effort, Carla Wiebe tries to push herself through to the end of the race. *Photo by James Anderson.*

Miners Accomplish Convincing Turnaround

The UMR football team entered the 1991 season looking to win for the first time in two years, and the Miners were able to do that with a 24-21 win over Michigan Tech in the season opener. That started a year which saw the Miners finish with a 4-6-1 record—highlighted by a 6-6 tie over eventual NCAA Division II national champion Pittsburg State. The Miners also earned a win over Emporia State, which was unbeaten and ranked fourth nationally in NAIA at the time.

In addition, Charlie Finley earned his 100th coaching victory, giving him more wins than any coach in MIAA history. Six members of the team earned All-MIAA honors, led by first-teamers Mike Swinford and Eivind Listerud, the top field goal kicker in the MIAA in 1991. Sky Lupo and Todd Young were second-team All-MIAA selections, while Don Huff and Chris Alverson were chosen

to the third team. Huff and Mark Diamond also earned additional honors, as they were named to the Academic All-America team, chosen by the CoSIDA. Huff was named to the first team and Diamond was a second team selection. Both were first-team all-district, while Chris Kennedy and Rob Noble were second-team all-district.

The Miners chose Pat Risner as the most improved defensive player, and Mike Wise as the most improved offensive player. The most valuable offensive player chosen for the 1991 season was Todd Young, who anchored an offensive line that helped the Miners gain better than 320 yards per game.

The most valuable player on defense was Mike Swinford, the Miners' top tackler for the second straight year with 105. Mike was also an Academic All-District selection as well as an All-MIAA choice.

Final Record 6-9-2		

The start of the season was fine, as was the end of the season, but in the middle of the schedule the UMR men's soccer team struggled, thus leading to a 6-9-3 season.

The Miners opened by winning three of their first four games, but the team had its difficulties after that, as a few injuries and a stronger schedule led to a series of disappointing losses. UMR did rebound at the end by winning two and tying one of its final four games.

Freshman Jim Chapman came on at the end of

the season to lead the team in scoring with six goals, while Bob Schneider earned all-tournament honors at the University of Kentucky. Schneider also tallied three goals and three assists on the season.

Other notable point men for the year were Don Brown, Gary Graham, and Ken Stecher.

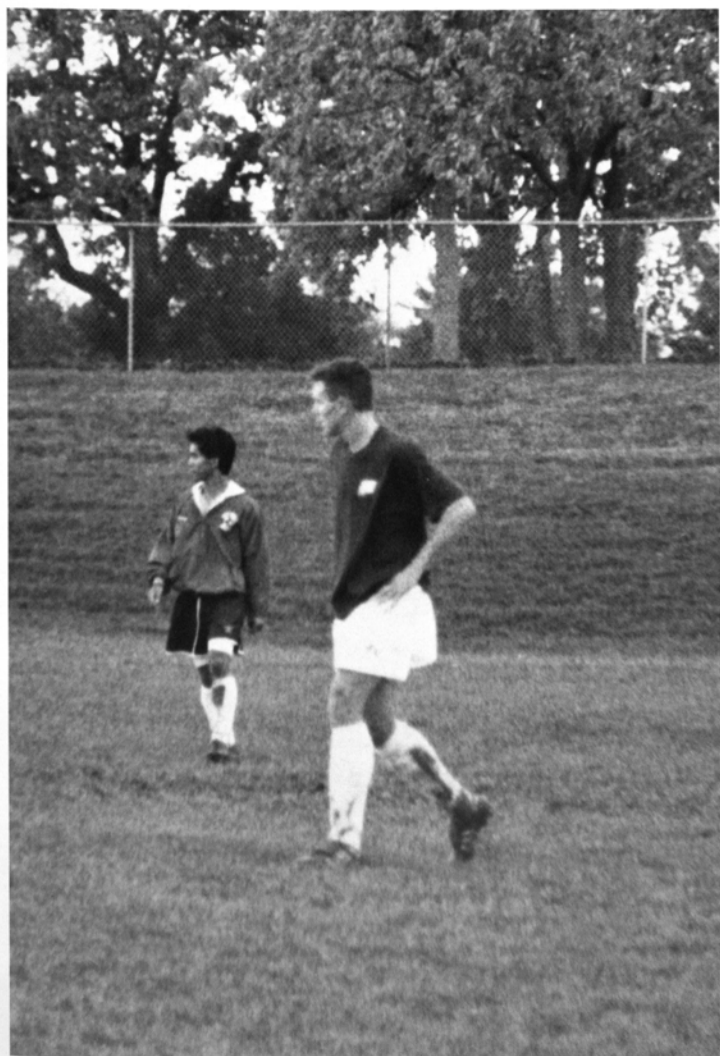

The 1991 most valuable player for the men's soccer team was Pat Snider, who spent time at both ends of the field this year and also contributed a pair of goals.

Above: Trying to save the ball from going out, Tony Saranita puts on the brakes and pulls it back onto the field, all the while evading the opposing players' attempts to steal it. Photos are all at practice, taken by James Anderson.

Final Record	1-14-2	

Women's Soccer Team Endures Difficult Season

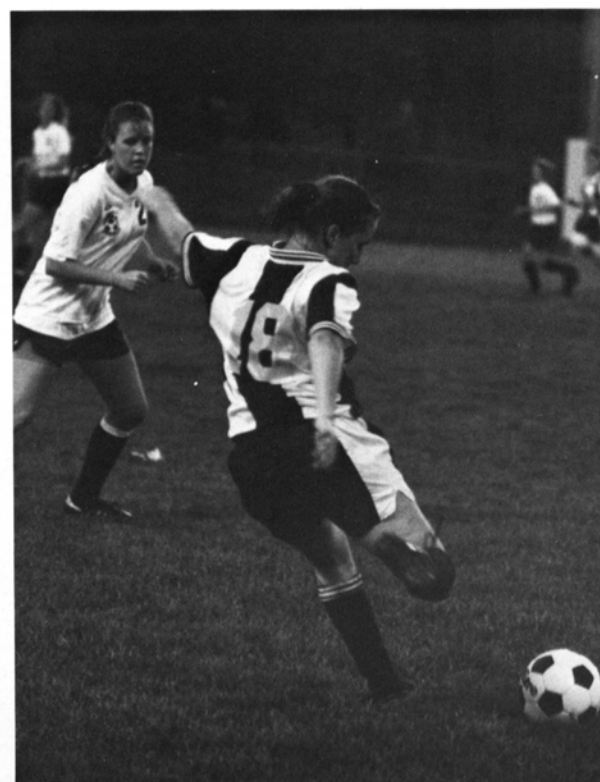

Highlights were few and far between for the Lady Miner soccer team this past year as it finished with a record of 1-14-2. UMR recorded its only win on Sept. 26 at Missouri Baptist, and also tied Missouri Baptist and Washington University in back-to-back games. The Washington U. game, incidentally, was the first shutout for a Lady Miner team since 1989.

Although they lost to Quincy College 2-0, this was quite respectable, because Quincy was ranked second in the nation at the time, and the Miners were playing without goalie Leslie Sawyer. The 4-1 UMSL loss also seemed trivial compared to UMSL's 9-1 rout last year.

Trish Kuhne and Cathlin Maloney each scored two goals to win the scoring title for the Lady Miners. Other players who contributed goals or assists were Kim Dale, Melissa Moore, Angie Passanise, Cynthia Peters, and Amy Sauer.

The most valuable player for the 1991 season was Cynthia Peters, a junior who anchored the back line this year and also added an assist in the scoring column.

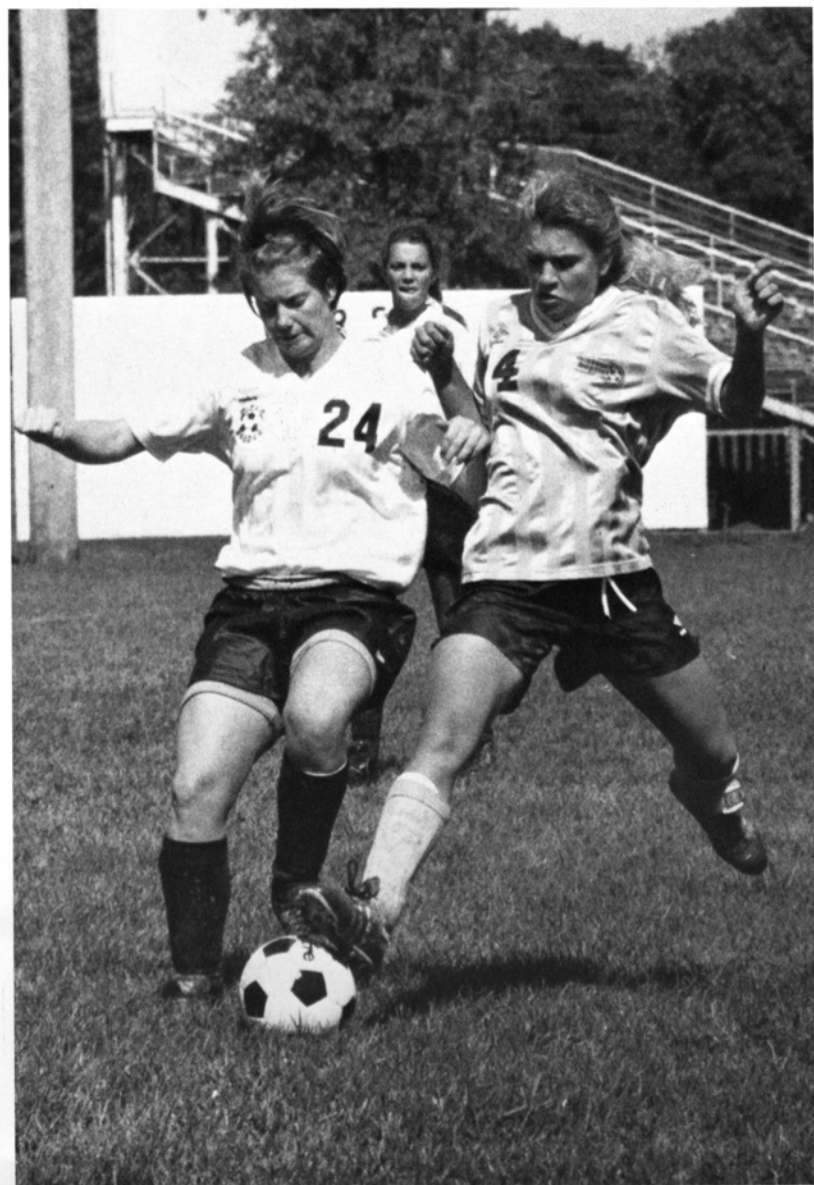

Coach Eric Swanbeck commented on the year by saying: "This year was the first step in a plan for the future. It's a New Beginning."

Above: As a Missouri Valley player prepares to launch the ball, Melissa Moore sets up on defense. Photos by Michael Venegoni.

Overall Record 17-9		

Maybe the best term to describe the UMR men's basketball season this year is smashing. The Miners' opening game against eventual NCAA Tournament participant Grand Valley State should have been a decent indicator of things to come, as the Miners blasted the Lakers 114-84.

UMR went on to lead the MIAA in scoring with an average of 90.6 points a game, and went over the 100-point mark eight times. The team set 22 new school records this year and tied two others, including one for the most conference wins this season with ten.

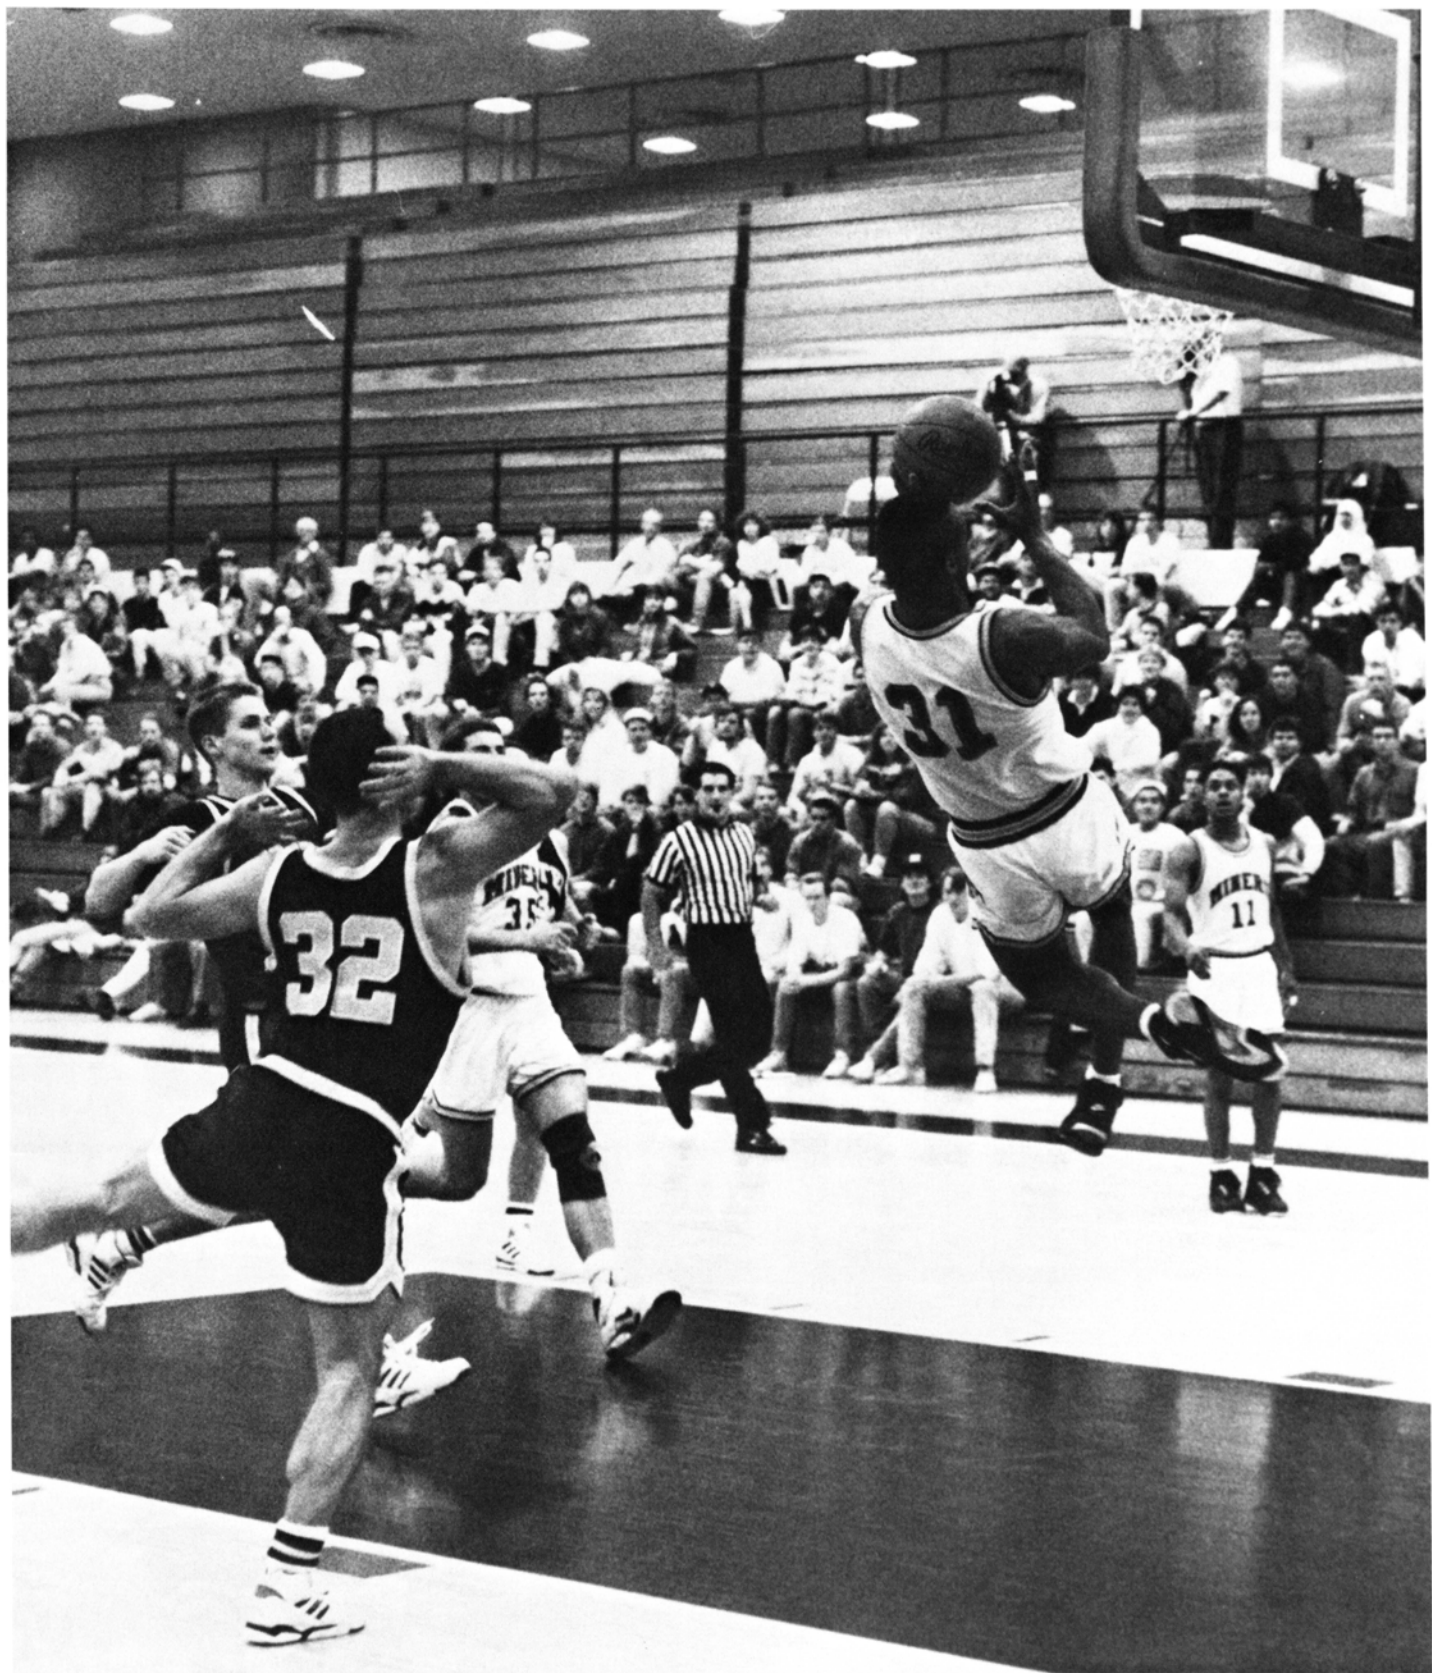

UMR finished tied for third in the MIAA this year with a 10-6 record, and the 17-9 overall record represents the most wins by a UMR team in 15 years. There were many highlights to the season, beginning with the season-opening tournament triumphs at Kentucky Wesleyan (the Miners were the first team

other than KWC to win that since 1979) and Columbia College, followed by a strong showing at Kansas State in a 12-point loss. When conference play began, the Miners opened by ending Southwest Baptist's home winning streak at 32 games with an 85-81 win. Eventually, the Miners hosted an MIAA playoff game for the first time in school history.

Donnie Brown was named to the All-MIAA second team and the academic all-district third team. Chris Dawson and Rod Jackson, who set a school mark for steals in a season, got honorable mention. This year's most valuable player was Bill Jolly, who was the second-leading scorer in the MIAA this year and was 17th in Division II, averaging 22.5 points a game. He was named all-conference, all-district, and honorable mention All-American. Jolly also set four of the school records this year.

Overall Team Record 14-13

Strong Senior Leadership Again Results in Post-Season Play

The women's basketball team was one of five teams at UMR playing under a new coach in the 1991-92 athletic year, and the Lady Miners finished with a winning record of 15-12 (counting one forfeit victory.) UMR was 9-7 in the MIAA, finishing in a tie for fifth place and making the MIAA Post-Season Tournament for the fourth consecutive year. It was also the fourth straight winning season for the Lady Miners, the first time that has ever occurred.

It may be hard to pinpoint a specific highlight to the season, but one would have to be the improbable comeback at Missouri Western in January, when the Lady Miners trailed by 12 with 2:47 left and won the game in overtime.

Trish Van Diggelen concluded her collegiate playing career as the school's

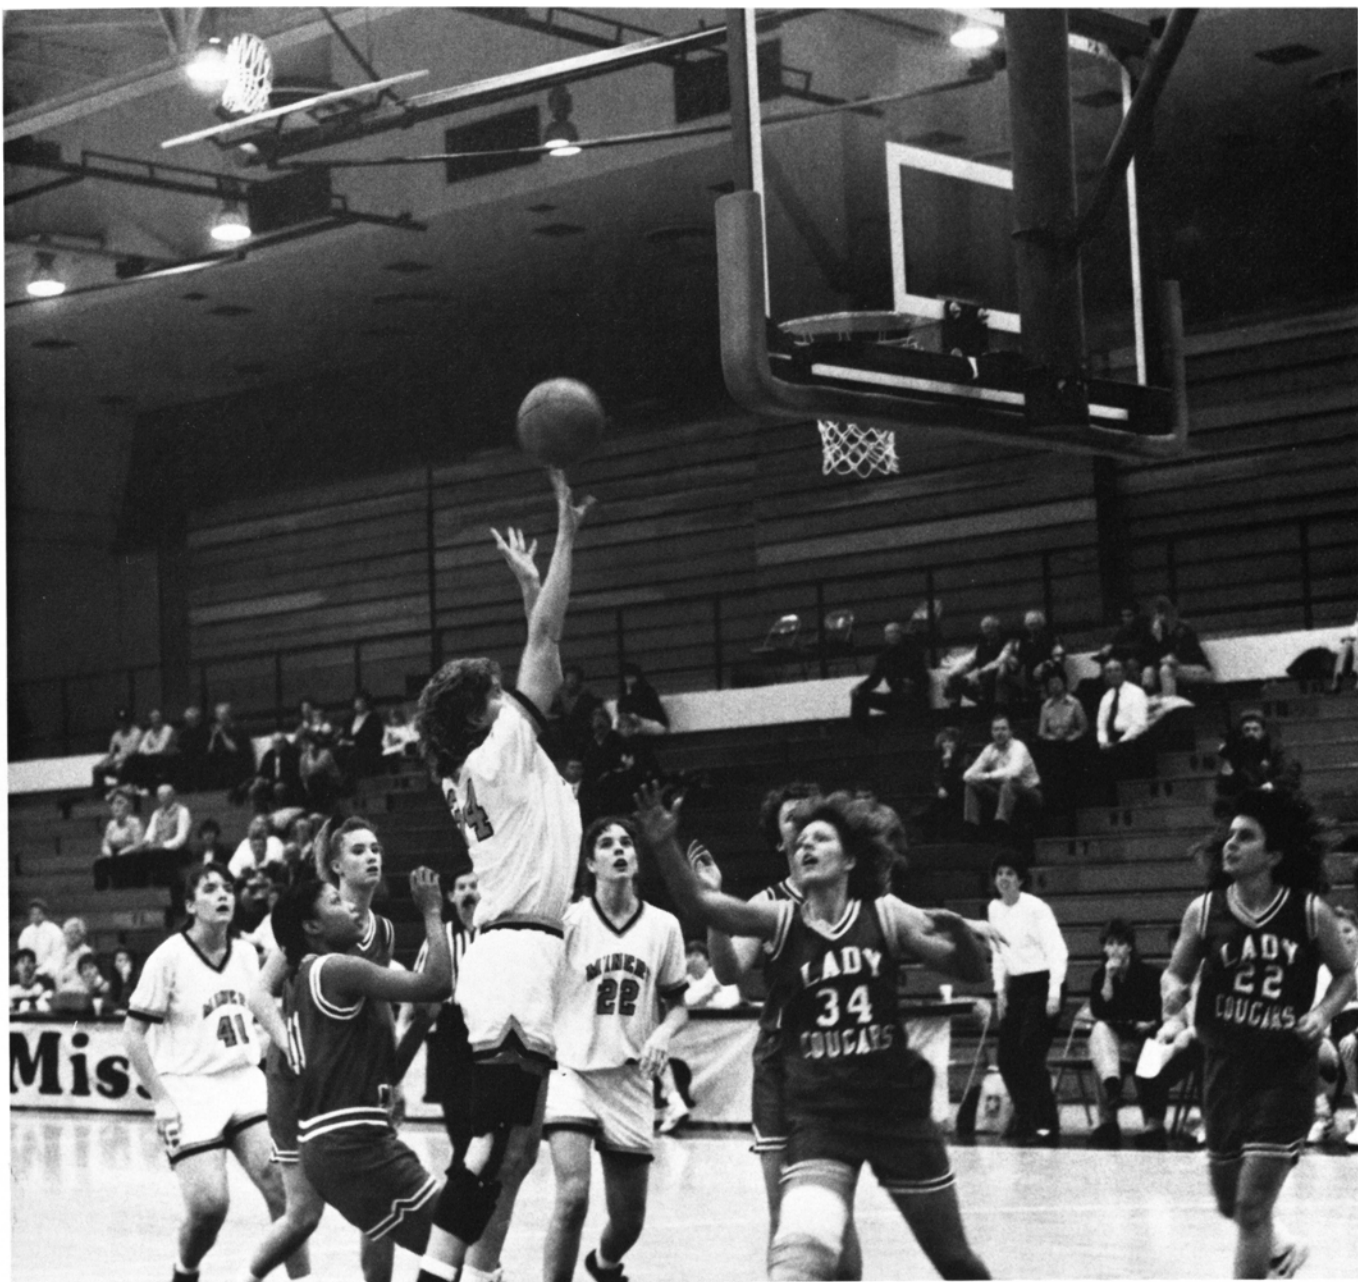

fourth-leading scorer ever with 1125 points and led the team in scoring this past year. She also moved into second place on the Division II career list for three-point percentage. (43.9%, 219-499)

Joe Kvetensky was one of two players to earn MIAA "Player of the Week" honors this year. Seniors Sarah Conyers and Anita Keck also contributed to the Lady Miner success this year. The most valuable player for the women's basketball team was Karissa McCarter, who was the other Lady Miner named MIAA "Player of the Week" this year. She was the number two scorer on the team this year and was named to the Academic All-District second team.

The team has also elected its captains for the 1992-93 season as seniors-to-be Stacy Mathes and Korena Stevens.

NCAA Division II Championships		14

It was one of the best years in Miner swimming history, as the UMR team finished dual meet competition with a 10-1 record and then took second in the Mid-east Regional Championships. The only loss, by the way, was to NAIA national champion Drury College.

The Miners were strong all year, evidenced by an early meet at Evansville when it won the final relay event to win the meet.

In addition to being one of the top teams strictly in the water, the Miners also had outstanding performances in the classroom. For the last two semesters, they have been ranked nationally with the top team GPA. This has merited Team Academic All-American Honors for them.

Mark Cresswell returned from a two-year lay-off to perform very well for

the team this year, as did freshman Keith Thompson, among the top finishers in their respective events. The most improved swimmer award went to Brian Ramsey, while the 110 percent award was given to Michael Holm.

The team's most valuable player for 1991-92 was Jeff Kuta. He continued his domination in the pool this year in the sprint freestyle events by going undefeated in the 50-yard freestyle and losing only once in the 100 during the regular season. Kuta finished fourth at the NCAA Division II championships in the 50, earning All-America honors for the third consecutive year. Prior to nationals, however, Kuta competed at the United States Olympic Trials in the 50. Although he didn't make the team, it was surely an exciting experience.

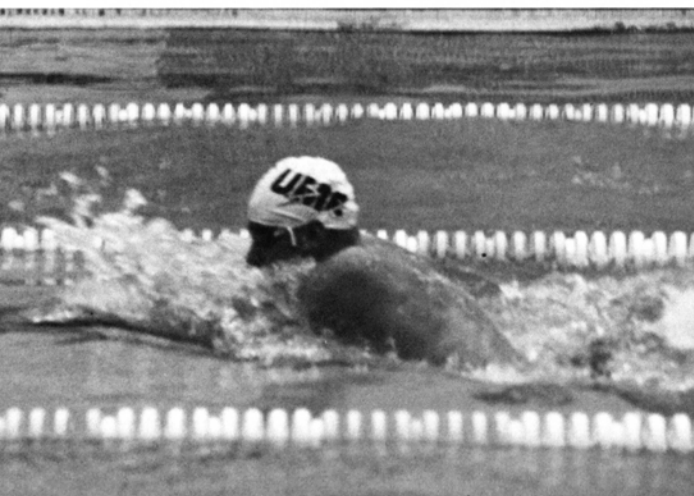

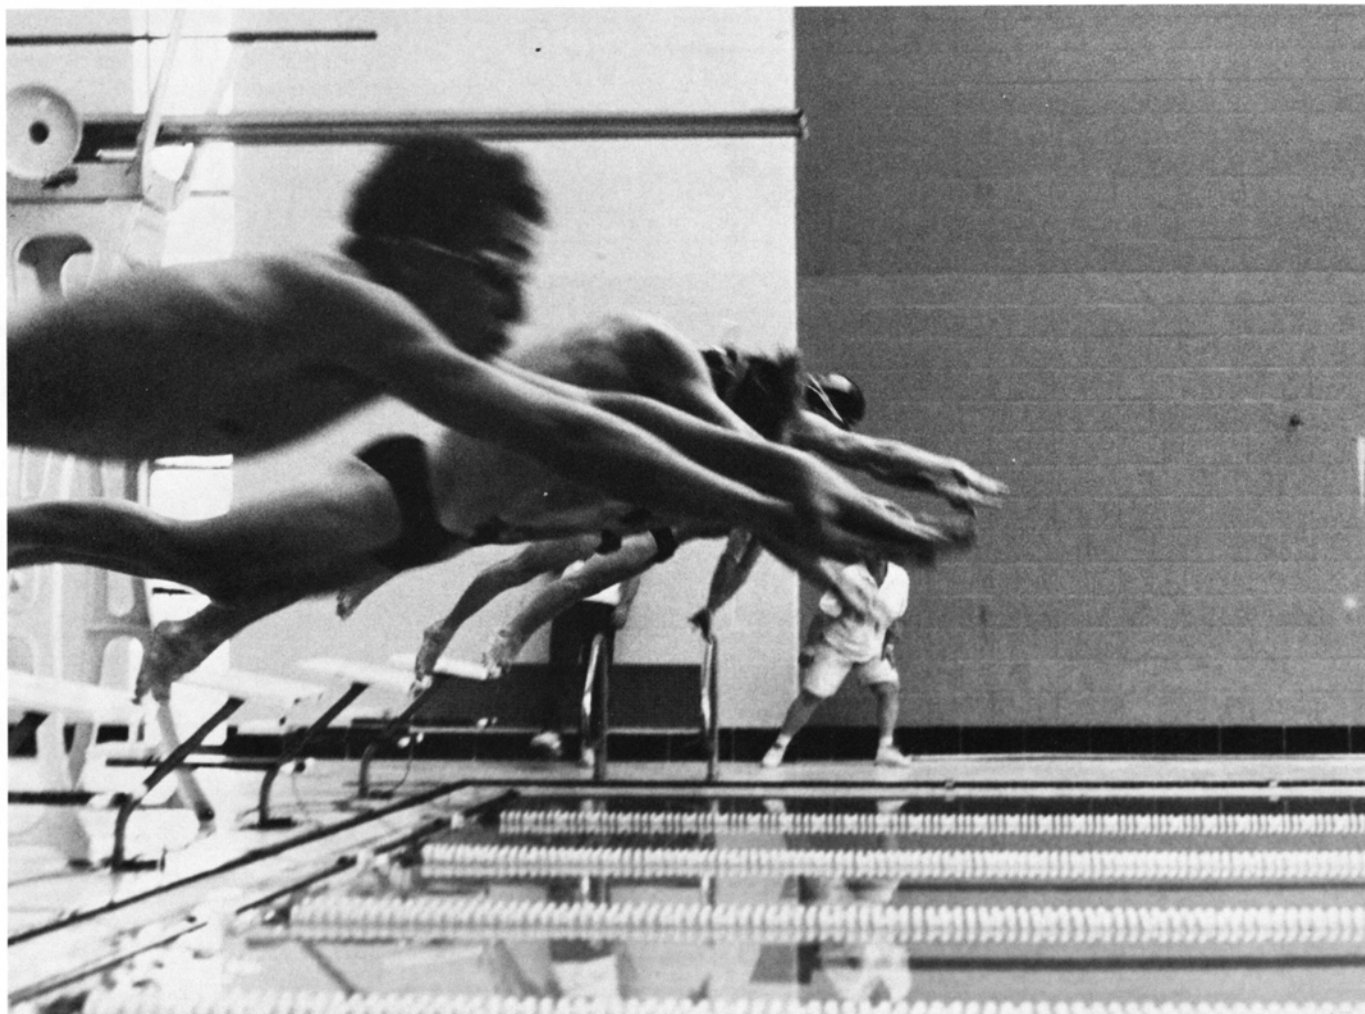

Above: Watching helplessly from the sidelines, Head Coach Mark Mullin and his Asst. Darko Milankovic try to offer encouragement to their team. Photo by Rod Aburto.

Above: Causing water swells behind and in front, Marlin Jiranek surges his way to the finish line in the breaststroke. *Photos by Rod Aburto.*

Right: Although he played an immensely greater role during the season, Jeff Kuta is seen here flashing lap numbers to his teammates. Kuta had a phenomenal season this year. He was the MVP of the swim team, an All-American in the 50-yard freestyle, won the Bullman Award, and qualified for the United States Olympic Swimming Trials. Note: The Bullman Award is an award given to an athlete who has displayed outstanding character and excelled both on the field and in the classroom. Mrs. Gale Bullman presented it this year.

Rain prematurely ended an improved Miner baseball season, as the final five games of the season were postponed due to rain. Nevertheless, UMR finished with an 8-19 record on the diamond this spring, and ended a 20 game losing streak in conference play by going 3-7 in the MIAA.

The highlight of the season was the 7-5 win at Missouri Southern, beating the nation's fourth-ranked team and eventual MIAA champion, and ended its 16-game winning streak at the same time. Jeff Mitchell, the Miners' top hurler with a 4-5 record and 3.65 earned run average,

got the win in that game, and he also beat Missouri-St. Louis, ranked 12th in Division II. Mitchell also received the MIAA Sportsmanship award for the 1992 season.

Mike Wise was the leading hitter with a .353 average, while Eric Abel and Tom Hasenstab led the Miners in the offensive categories.

The MVP for the Miner baseball team was Kevin Dry, who was named to the All-MIAA second team outfield. Dry batted .304 with a team-high 21 runs scored, and was also a steady outfielder who earned the Miners' "Golden Glove" award.

MIAA	5-5-0	

The Lady Miner softball team concluded its season with a .500 record, finishing at 24-24 overall and 5-5 in the MIAA. The Lady Miners finished in third place in the MIAA South Division and played three closely contested games at the conference tournament, unfortunately dropping two of the three.

The highlight of the season came early—during the trip to Florida—as the Lady Miners beat top-ranked Bloomsburg 1-0.

Two members of the squad were named to the All-MIAA first team,

third baseman Teri Schofield and first baseman Melissa Hudson.

Jenny Crede, a second-team selection at pitcher, had a 1.84 earned run average and struck out 153 batters. Christy Cheeley made the All-South Division team. The most valuable player for the 1992 season was Teri Schofield, the Lady Miners' leading batter with a .331 average (team-high 47 hits) and a first-team All-MIAA selection at third base.

Opponents Ace Miners

The Miner tennis team struggled on the court against some strong competition this season, and was unable to land in the win column. The team did have some success from the doubles team of Jay Hertel and Drake Clarke, as they advanced in the consolation round of the conference tournament, as did Curt Smith in singles. The season was shortened somewhat because of the spring weather, leading to the cancellation of several matches.

The most valuable player for the 1992 Miner tennis team was Jay Hertel, who always drew the toughest assignments all year. He was the team's number one singles player this year and was part of the number one doubles team.

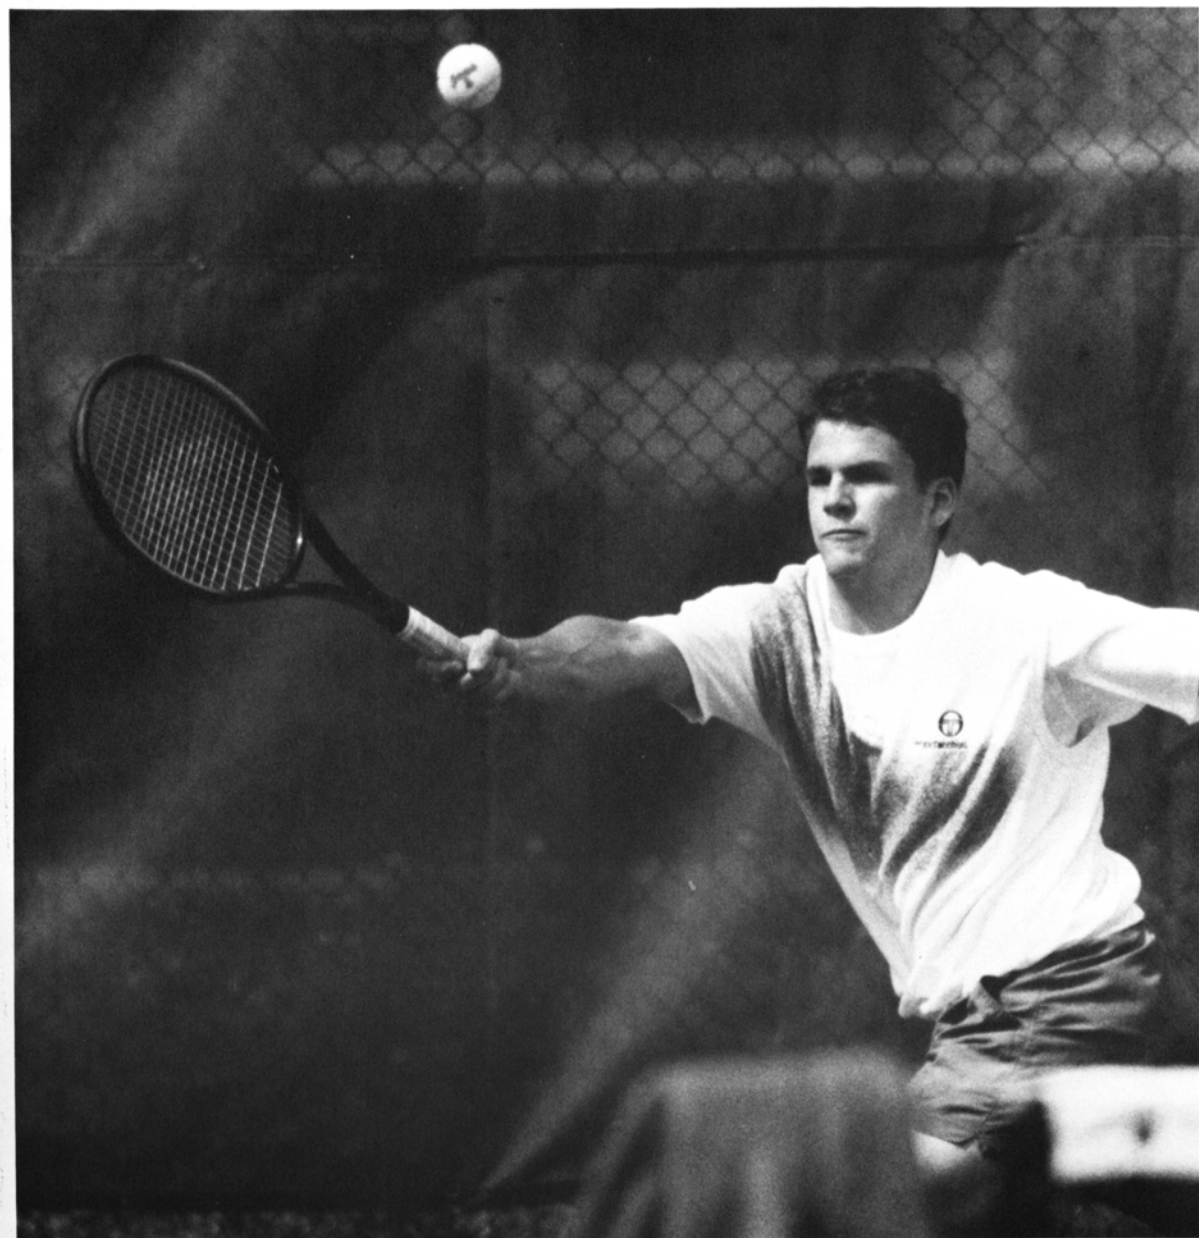

Above: Extended to the max, Mike Bosch stretches to deliver a tough serve.

Young Team Hones Its Skills

The golf season at UMR came to an end as the Miners finished in tenth place at the MIAA Championships at Tan-Tar-A. The young Miner team finished in the middle of the pack in most of their meets, with the highest finish being second at the UMR Best Ball tournament over the weekend.

The most valuable player for the season was Bryan Haggard, who was the low scorer for the Miners in five of their six matches this year, including the conference meet.

New Records Highlight Track Season

Event	UMR
MIAA Championships (Women) Central Missouri State	7/8
MIAA Championships (Women) Pittsburg State University	8/8
MIAA Championships (Men) Central Missouri State	7/7
MIAA Championships (Men) Pittsburg State University	7/8

The track season actually began in January with the indoor season, and the Miners had one individual who made it to the NCAA Division II nationals. Jeff Hurt finished seventh in the long jump, missing All-America by one spot. Jeff Hurt was chosen as the team's MVP for the indoor season.

As a team, the Miners finished seventh at both the indoor and outdoor conference meet. (31 indoor and 37 outdoor participants) The Miners established three new records, with high jumper Craig Sorensen setting two of them. (6-8 indoors, 6-8 3/4 outdoors)

The distance medley relay team also set a new school record. The outdoor MVP was Ron Kochanowicz, who placed in two events at the MIAA outdoor meet and was part of the distance medley team that set the school record this year.

The women's track season also started in January, and finished with the

Lady Miners taking eighth at the meet. Becky Wilson and Korena Stevens have been the top outdoor performers, as Wilson set school records in the 1500, 3000, and 5000-meter runs and Stevens won the high jump at three consecutive meets during the season. Stevens was the highest finisher at the MIAA outdoor championships, as she took third in the high jump.

Ellie Hudson finished in a tie for the same position at the indoor meet. In all, the team set 13 new records during the 1992 season.

The most valuable player for the Lady Miner track season was Becky Wilson, who was named for both the indoor and outdoor campaigns. She set a total of six school records this year and was a fourth-place finisher at conference in the 1500 meters. She was also a provisional qualifier for the indoor nationals in the mile this season.

UM-Rolla Fans Root for the Miners

Changes

Chancellor Park Names Mark Mullin as New Athletic Director

Mark Mullin, head swimming and diving coach for the past seven years, became UMR's new athletic director on June 11, 1992. He takes over for Neil Smith, vice chancellor for administrative services and interim AD since March 1991. Smith had filled the void created when former AD Billy Key retired at the end of 1990.

Mullin will continue his duties as coach of the swimming team, which has been a success in the classroom as well as in competition. Under Mullin's direction, the Miners are 56-14 in dual meet competition, with 1991-92's team going 10-1 in dual meet and finishing second at the Mideast Regional Championships. Miner swimming teams also were honored as the top academic teams in NCAA Division II in the spring and fall 1991 semesters.

Chancellor John T. Park, who named Mullin to the position, said, "Mark has been an excellent leader on this campus and has a first-rate swimming program, and I feel he will continue moving the athletic program in the right direction.

"We had three extremely good candidates for the position," Park said. "All of them are loyal to the university and are doing excellent things for the campus."

The other candidates for the AD positions were head basketball coach Dale Martin and Dale St. Gemme, director of development for the School of Mines and Metallurgy.

"One of the things I want to stress is a cohesive department," Mullin said. "It is important for us not just to have goals for each individual program, but to have departmental goals which everyone can work together to achieve.

"I will certainly encourage everyone in the department and be a part of working toward a closer relationship with the community, alumni, students, faculty, and staff," he said.

One of Mullin's first duties will be to fill two vacant coaching positions--those of head track/assistant football coach and head softball/assistant women's basketball.

Head Football Coach Resigns After 25 Years With the Program....

Charlie Finley, who earned two coaching honors during the 1991 football season, has announced his resignation as head football coach at the University of Missouri-Rolla. He will remain on the UMR coaching staff as the defensive coordinator.

Finley, who has been the Miners' head coach since 1972 and has been involved with the football program at UMR since 1966, stepped down days after UMR concluded a 4-6-1 season. The record was the best mark for the Miners since 1987 when the team went 5-5.

UMR interim athletic director Neil Smith announced that an internal search for Finley's successor is underway.

"I am stepping down in the best interests of the university," Finley said. "I have had the opportunity to work with some good teams and student-athletes as the head coach, and will continue to do so."

Finley was named the Missouri Intercollegiate Athletic Association "Coach of the Year" after the Miners rebounded from an 0-10 season in 1990 and a 19-game losing streak to the 4-6-1 season. The fourth win, a 13-7 victory over Central Missouri State on Nov. 2, 1991, made Finley the winningest coach in MIAA history.

"Winning 'Coach of the Year' was a big honor, because I was picked by my peers for a job well done," Finley said. "The real credit goes to the staff and the players who made the most of this season."

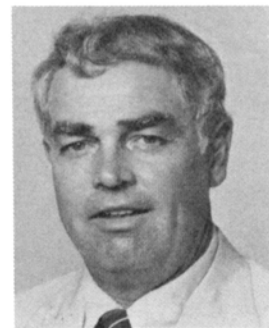

Included in the 1991 highlights was a 6-6 tie against Pittsburg State on the road, a team that finished the year ranked third nationally in NCAA Division II, and a 27-21 win over Emporia State when the Hornets were undefeated and ranked fourth in NAIA Division I.

Finley has also served on the NCAA football rules committee for a seven year period.

A native of Lockwood, MO, Finley is a 1960 graduate of Southwest Missouri State, where he starred on the Bears' football and track teams. He was named to the SMSU Hall of Fame for his athletic talents.

Finley went on to earn his master's degree in education at the University of Missouri-Columbia, and coached high school football at Sarcoxie (three years) and Lebanon High Schools (two years) in Missouri before joining the Miner staff in 1968. As a high school coach, he posted a 29-17-2 record and led the teams to three conference championships.

....Followed Months Later by Joe Keeton's Resignation

Joe Keeton, who has served as the Miners' head track coach for the past two years and as an assistant football coach since 1969, has decided to leave the University of Missouri-Rolla due to his refusal to sign what he perceived as "an unjust contract."

Upon his departure, Keeton will be taking the position of head football coach and instructor at William Chrisman High School in Independence, MO, which is where he attended high school.

Since arriving at UMR in 1969, Keeton has been an assistant professor in the department of physical education and has been the head coach for two sports. He was the Miners' wrestling coach from 1969 until the program was discontinued in 1984, and has been the head track coach for the past two years.

Over the past 23 years, Keeton has also been an assistant football coach, first under Dewey Allgood and then Charlie Finley for the last 20 seasons. For four weeks of the 1990 season, Keeton was the acting head football coach while Finley was recovering from a heart attack.

In football, the Miners won three Missouri Intercollegiate Athletic Association championships during Keeton's tenure, including the 1980 season in which UMR went undefeated and finished as the tenth-ranked team in NCAA Division II. As an offensive line coach, he worked with two players who earned first-team All-America honors (Frank Winfield in 1969 and Merle Dillow in 1974) and two others who played in the American Bowl.

As a wrestling coach, Keeton was named the MIAA "Coach of the Year" on two occasions and coached seven wrestlers to MIAA championships along with nine at the NCAA Championships.

In track, the Miners have had two national indoor qualifiers and one outdoor qualifier in his two-year stint.

"There are so many memories that there is not a way to rate them," Keeton said. "Some would say that surely the 1980 football team that was undefeated would be one, but I was more excited about the first conference title we won in 1977, because it was the first championship a Miner team had won in a long time."

"There were also highlights in wrestling, where I was named 'Coach of the Year' twice, and in track with the NCAA qualifiers," he added. "Maybe more than all, the biggest would be the countless number of relationships with the athletes and former athletes."

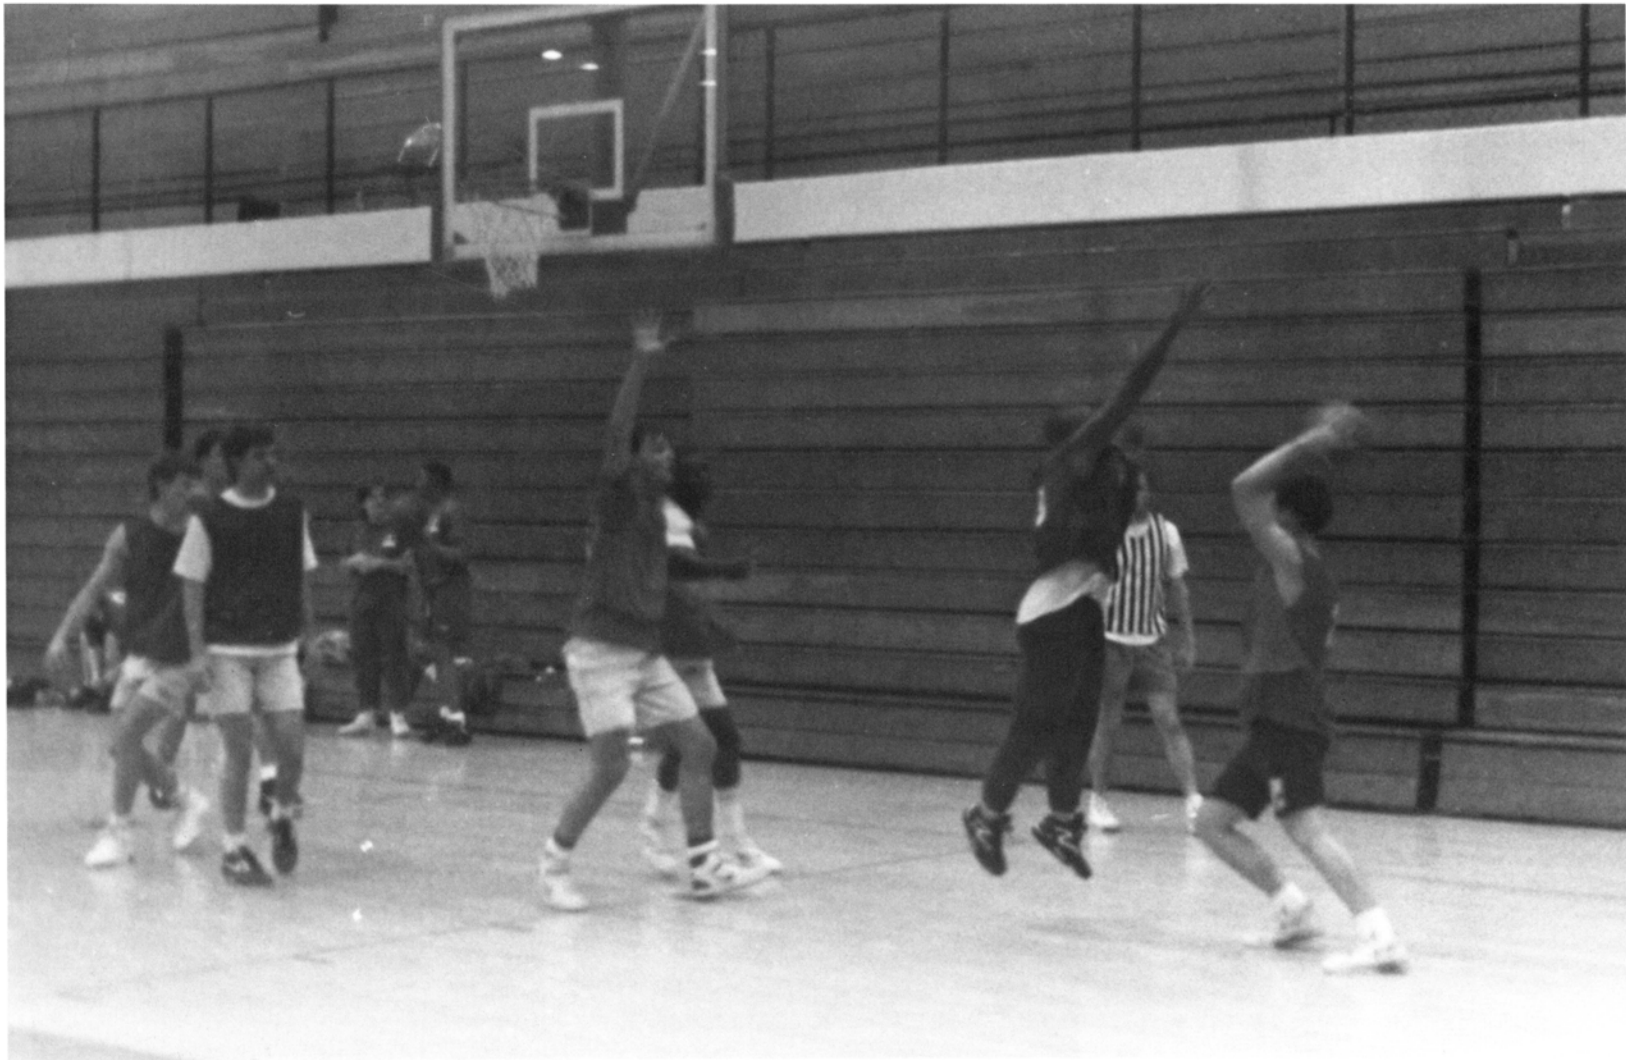

Keeton received his bachelor's and master's degree from Central Missouri State University in 1962 and 1965. At CMSU he played on the football team as a lineman. From CMSU, he went on to Fort Osage High School where he was a coach and instructor for three years. In the three years that followed, Keeton served similar duties at Grandview High School.

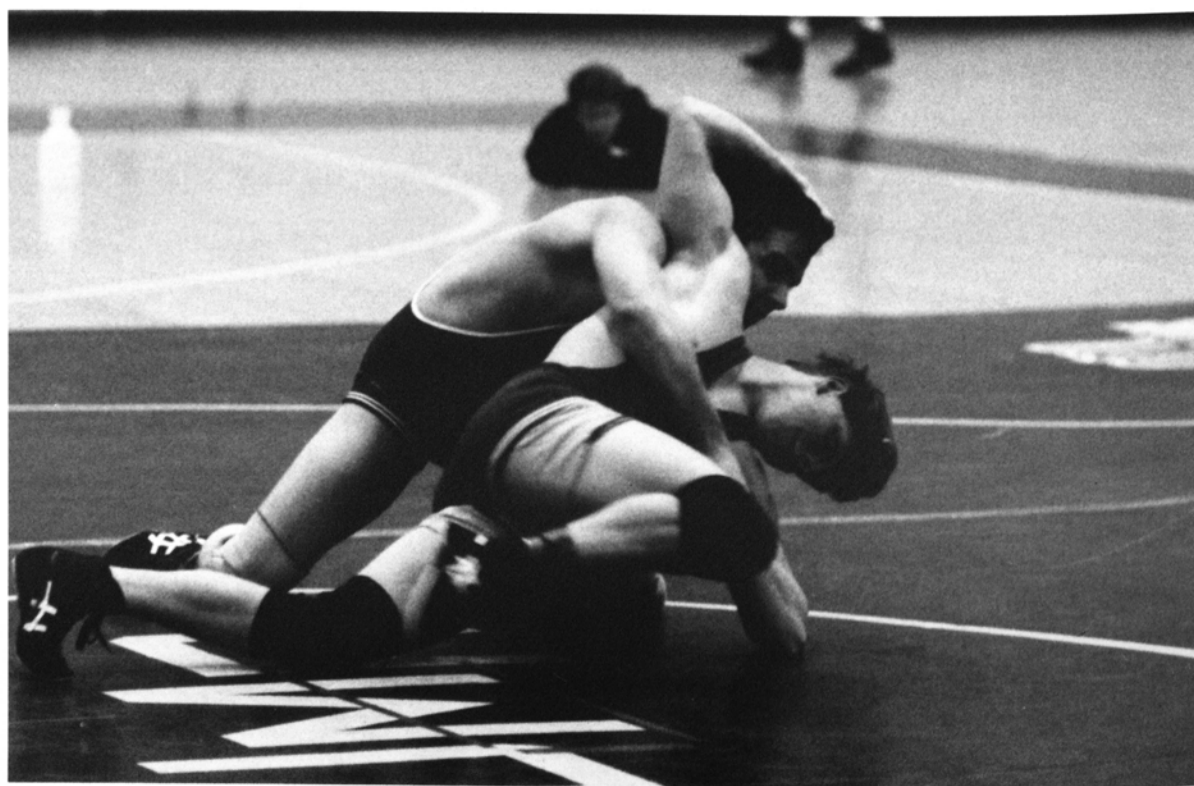

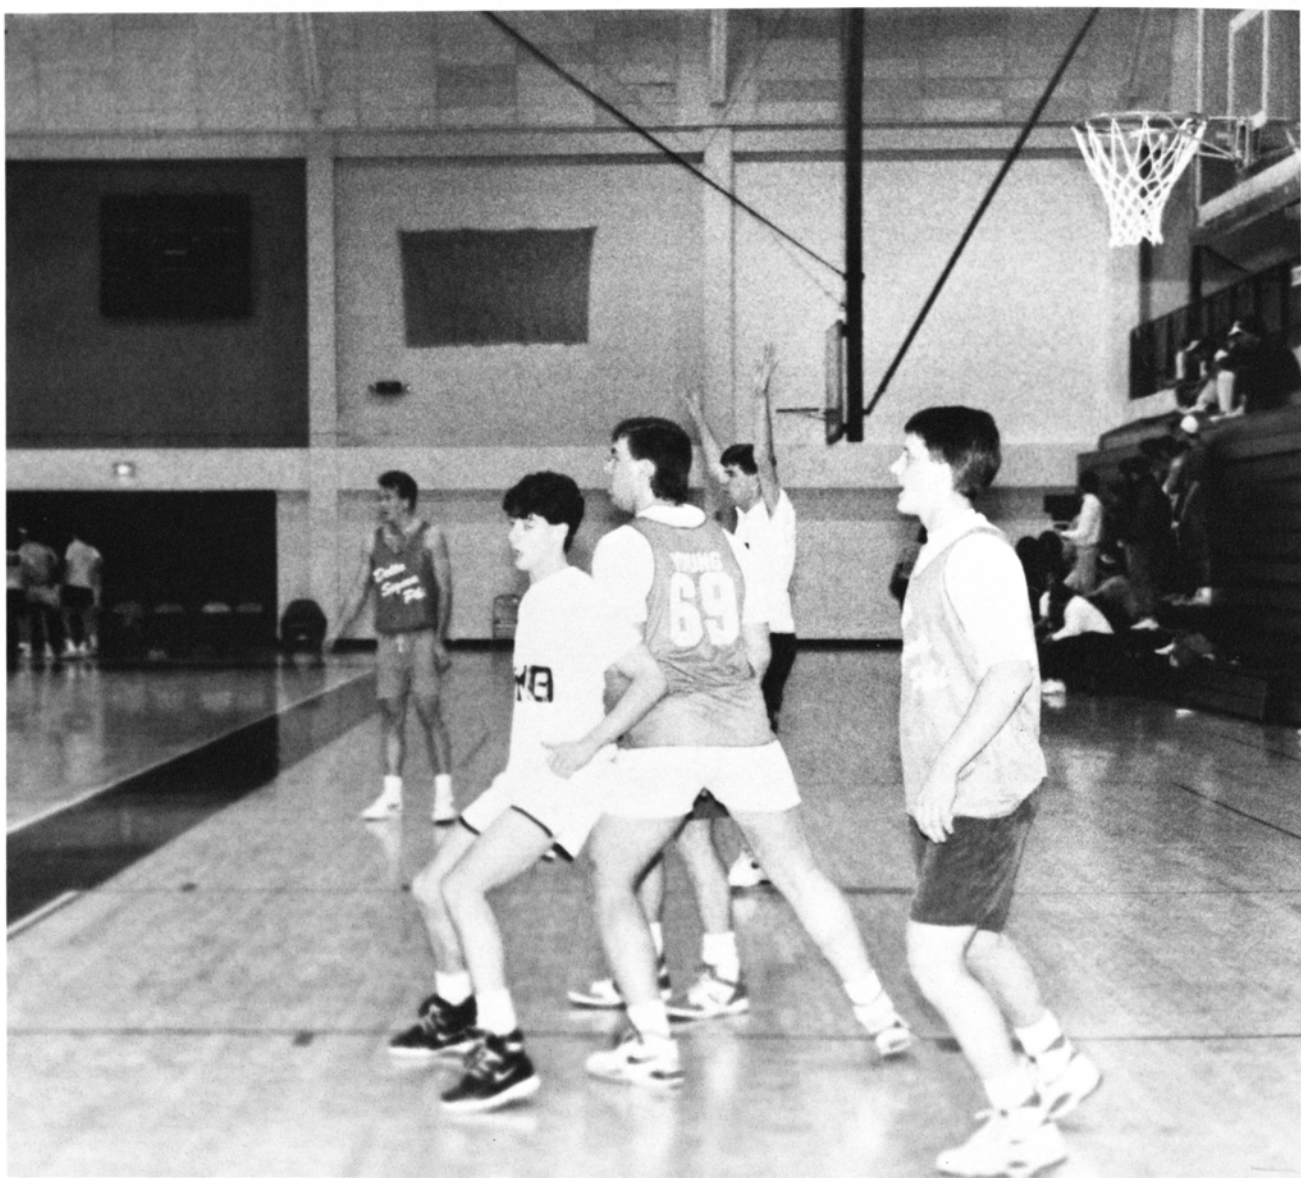

After one season as a graduate assistant football coach at Kansas State University, Keeton came to UMR in 1969.

In addition to his coaching duties at UMR, Keeton has also served as director of two conference wrestling tournaments and on four planning committees on campus. He has also taught a class entitled "Administration of Interscholastic Athletics" annually since 1976.

Keeton has been an active member of the Rolla community, working with Big Brothers/Big Sisters, the First Presbyterian Church, the Khoury League and as a foster parent for the Missouri Division of Family Services.

Commencement

Donald Rainbolt shows the camera his diploma while another December graduate searches for friends and family. *Photo by Jason Meriwether.*

This year the 1991-92 graduating seniors have reached a goal that all of us some day hope to achieve. Those of us remaining would like to congratulate you for your accomplishments and wish you all the best in the future.

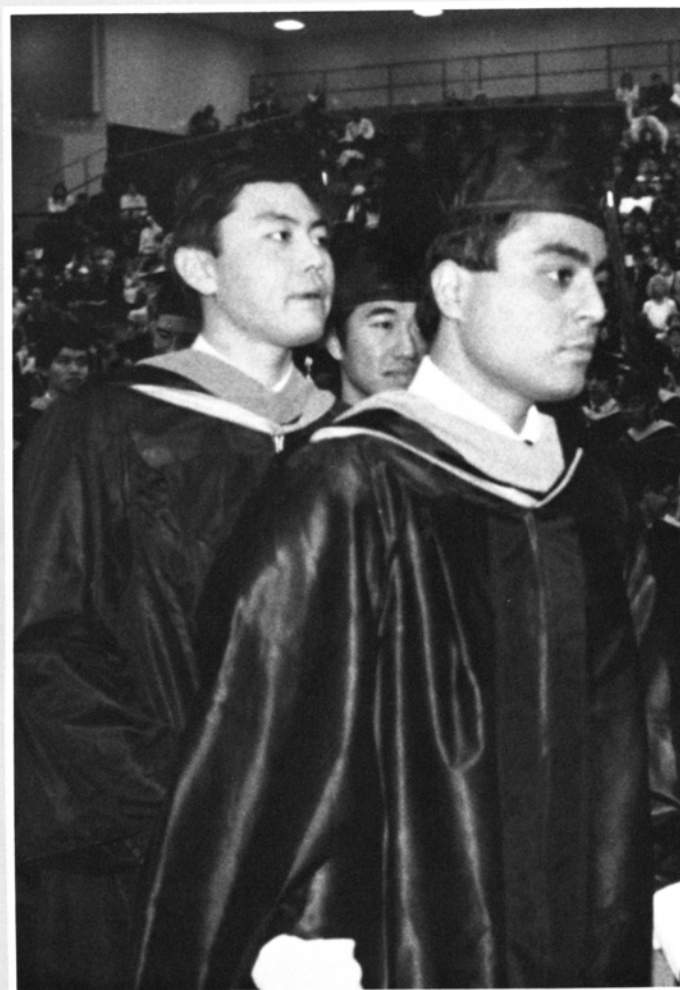

December graduation was held in the Gale Bullman Multi-Purpose building and May graduation was held outside. Both were successful and were enjoyed by the many guests and participants.

As this year changed ever so much, so too have this years graduates. Arriving in Rolla as freshman, students have hopes of becoming successful. Graduates of UMR, regardless of what their future holds, have succeeded. They are moving on to another part of thier lives and going on to bigger and better things. We bid you farewell.

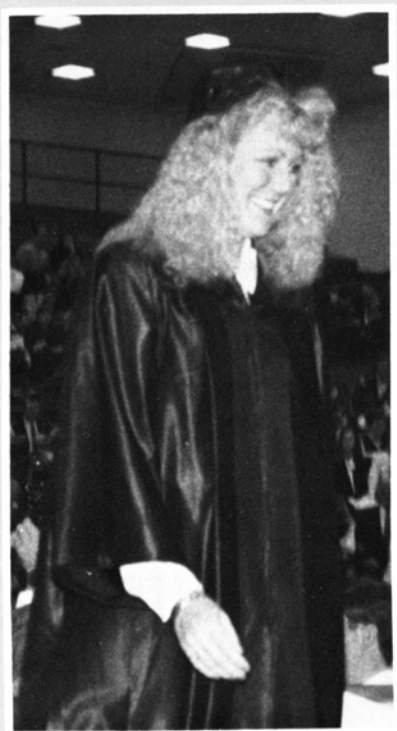

Aerospace Engineering graduates wait anxiously for May commencement to begin. *Photo by James Anderson.*

Masters degree candidates approach the platform during December commencement. Photo by Jason Meriwether.

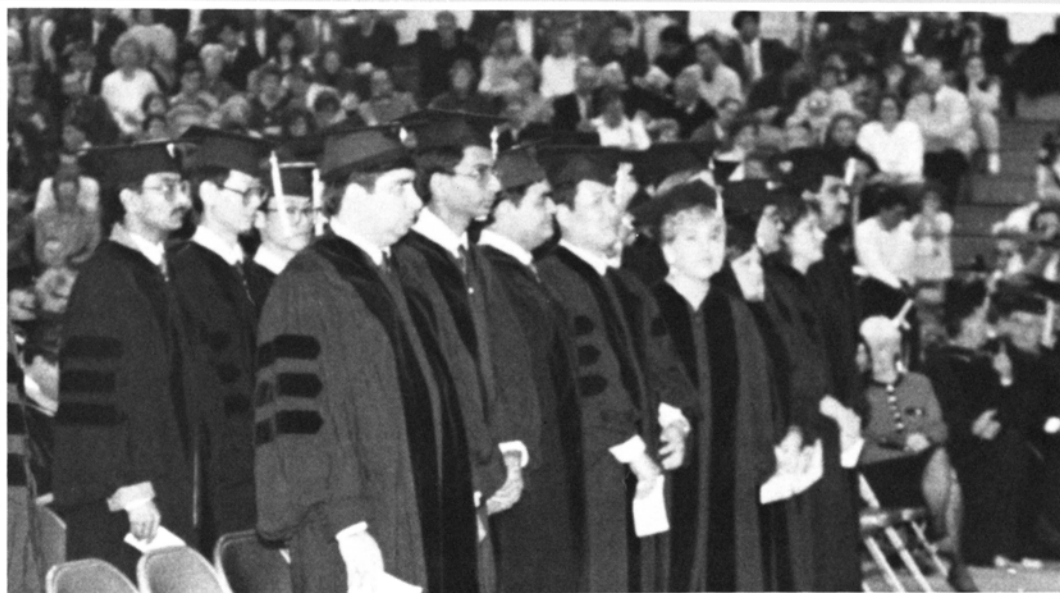

Jennifer Llewellyn appears thrilled after receiving her diploma. Photo by Jason Meriwether.

Colophon

Volume 86 of the University of Missouri-Rolla *Rollamo* yearbook was published by Jostens School Productions Group. The cover design, by Roxanne Ebberts, is silk-screened on 160 point board. Copy and headlines were set in Avant Garde, Bookman, Brush Script, Caslon Open Face, Palantino, and Zapf Chancery. Senior portraits were supplied by Vardens Studio.

1992 Rollamo Staff
